press heartfelt gratitude and appreciation to people in our lives, it creates strong loving bonds, builds trust, and helps you feel closer. Sometimes feelings of gratitude happen spontaneously but we also can create feelings of gratitude by deliberately counting our blessings.

Gratitude is a heart-centered approach to being at peace with ourselves and with all we have. When we practice this feeling of gratitude, it attracts even more things into our life for which to be grateful.

Gratitude is the most underestimated ways anyone can use to enrich their lives. It is the feeling and attitude of appreciation and thankfulness for the good that we receive in life. The best part of being grateful and to live a good life is to act and express our thankfulness for everyone.

Being grateful doesn't make us to feel good. It is a habit

that are good for us since being grateful can boost our ability to learn and make good decisions because it open us up to more possibilities in life. When we are grateful for someone's kindness towards us, we may be more likely to do a kindness in return. Your gratitude also can have a positive effect on someone else's actions. Thanking people can make it more likely they will do a kindness again. When we feel and ex-

AMIGONIAN WORKS OF MERCY CALENDAR

*“Pray to God and Our Mother, for the
youth, companions and for the dead”*

Amigonian Family – “You, my beloved sons and daughters, whom He has constituted *zagales* of his flock, are the ones who has to go after the lost sheep until you return it to the sheepfold of the Good Shepherd” -Luis Amigó

*“Prayer is the simplest thing that
we can offer to everyone but the
most powerful tools in life.”*

To pray is the most accessible things to do in life. We can pray wherever we are or whatever we do. Regardless of the present situation we have, we can always say a prayer. When we are too busy or doing nothing we can spend a moment of silent to prayer. When we are happy and want to be thankful to the Lord we pray. When we are sad, prayer can give us comfort. When we are afraid, a simple prayer can give us confidence. As faithful Christian, prayer is part of our life.

Why do we need to pray? Why prayer is necessary in our life? Prayer can connect us better to God. It can also help us to deepen our relationship with him. It can build a good relationship with Him. When we talk to a person regularly or spend quality time, we can know the person better. When we pray, we can know God better.

Prayer can give us strength when we are weak. It can give also healing when we are sick. When we pray with all our faith, the impossible can be possible. Prayer is very powerful tool for every situation in life. Prayer can help us to know the will of God. Sometimes there are things that we could not understand in life. The power of prayer can help us to understand and accept things.

Prayer is commandment given by Jesus Christ. In the Gospel of Luke 11:1-13, as Christian and follower of Christ we try to be like him. The life of Jesus on earth is a life of prayer. Whenever Jesus started and ended his missionary journey, He uses to ask the guidance of the Father. Jesus always talked to the Father in every decision that he made. He always prayed for his disciples and followers. When he instituted the sacrament of the Holy Eucharist,

He prayed. Before his passion and death he prayed at the garden of Gethsemane. And even Jesus was on the cross at the moment of his death, Jesus prayed to the Father.

Prayer is an act of charity. Every person is blessed by the Lord because we are all created in the image and likeness of God (Gen1:27). This grace that was given to us must be shared to other through prayer. We need pray for the needy, to the vulnerable and also for all who are lost. We need to pray for each other because most of the times we need to be strengthened. And prayer can help us to be strengthened. It is also a charitable act when we pray for the soul of all the faithful departed. Our simple prayer will help the souls to cleanse from their sins.

Our deepest gratitude to all of the contributors that support our education because with them we can pursue our dreams to become a successful person in this society. We are giving thanks to them with all of our soul, heart and mind.

Happiness is not an individual matter. When you are able to bring relief, or bring back the smile to one person, not only that person profits, but you also profit. The deepest happiness you can have comes from that capacity to help relieve the suffering of others. So if we have the habit of being peace, then there is a natural tendency for us to go in the direction of service. Nothing compels us, except the joy of sharing peace, the joy of sharing freedom from afflictions, freedom from worries, freedom from craving, which are the true foundations for happiness.

Friendship Home Fr. Luis Amigó is a non-profit organization serving the welfare and interest of children in especially difficult circumstances in the Philippines. It follows the spiritual legacy of Fr. Luis Amigó (1854-1934), founder of the religious congregation of the Amigonian Fathers and Brothers, *"to work for God's glory in the education of the youth... and In case they turn away from the fold of the Good Shepherd... to bring them back into His fold again."*

Friendship Home is guided by the spirit of the UN Convention on the Rights of the Child and the Philippine's National Vision of the Child of the 21st Century.
